Parking, Street Improvements, Occupy Session

Removal of Poles Along Main Street Will Be Studied

Proposals to provide an adequate parking lot and improving the appearance of the main street occupied members of the Truckee Chamber of Commerce meeting at Brown's Cafe Tuesday evening.

President Cliff Ellis advised the membership that Reginald Smart had voluntarily accepted the chairmanship of a committee to attempt to work out a suitable parking area to relieve the situation along the main street, particularly during the busy summer months. During recent years, it was pointed out, local firms are suffering loss of business because of inadequate parking facilities.

A plan worked on last year which would have provided a parking area in the rear of the main business section failed to materialize and the chamber is again faced with a difficult problem.

The members discussed briefly a proposal to secure estimates on replacing the sidewalks along the main street which, with the passage of years, is in poor condition in some spots. The chamber does not intend to finance the project but is simply desirous of ascertaining costs for further planning.

It was also suggested that the utility poles along the sidewalk be rerouted in the rear of the buildings and that modern street lighting fixtures be installed if merchants and property owners so desire. This project, too, is only in the planning stage. However, Howard Newsham, Truckee district manager for the Pacific Telephone Company which owns the utility poles jointly with the Truckee Public Utility District, said he would make inquiries to determine the attitude of his company and the local district directors.

Many services are now connected from the rear of the stores and it is believed no great expense would be involved in the change over. It is hoped this might be done at the same time the advertising signs are moved to conform with a recent request of the state division of highways.

CLAUDE RAY IS DEAD; VETERAN S. P. CONDUCTOR

Local friends this week were shocked to learn of the death of Claude H. Ray, 68, retired Southern Pacific conductor, who spent much of his 40 years with the company in Truckee.

Funeral services were held on Monday at Roseville with officials of the Brotherhood of Railroad Trainmen conducting the rites.

Ray expired Sunday morning at Auburn. He had been in ill health for the past two years.

A native of Tennessee, Ray is survived by his wife, Jessie L.; a son, Harlan, of Los Angeles; a daughter, Alice of Sacramento; step-sons, Albert L. and Samuel E. Bradley, both of Roseville; brothers, Richard and Don of Redding, and sister, Bonnie Robinson, Redding.

The Rays annually spent their summers here and occupied their home on the Truckee River. He was an ardent fisherman and was well liked by his legion of friends.

THREE MEXICANS HELD AS WETBACKS

Three Mexican nationals, accused of illegal entry into the United States were being detained here yesterday pending the arrival of immigration authorities. They were arrested by State Patrolman Carroll Maynard of the highway patrol.

AGED MAN BREAKS HIP IN FALL ON ICE

N. F. Dolley was expected to return home today from a trip to Los Angeles with the Truckee Ambulance. He transported Clarence Wakeley, 76, who fell on the ice near Donner Lake a week ago and fractured his right hip. He was treated at the Tahoe Forest Hospital for the injury and was sent home by ambulance.

FORMER TRUCKEE GIRL IS MOTHER

A birth announcement of local interest was received by Mr. and Mrs. Tony Pace, telling of the arrival on March 3 of James Charles to Mr. and Mrs. James Hart at Salem, Oregon. The lad weighed eight pounds, four ounces.

He is the son of the former Charlotte Carrau and grandson of the late Charles Carrau, formerly part owner of the Truckee-Tahoe Lumber Company here, and Mrs. Charles Carrau, now resident in San Francisco.

School Carnival Slated April 10 At Gymnasium

Friday evening, April 10, the high school gym will be the scene of the High School Annual Carnival. All of the classes are making elaborate plans for their particular booths. The various departments in school are working hard toward making this year's carnival an even greater success than it was last year.

Tahoe-Truckee High School pupils will be admitted free.

The following people are responsible for the ticket sales: Norman Dewhurst, chairman, assisted by Charles Smith. Tickets will be sold by students before the event as well as at the door. A two-pound box of candy will be given to the student who sells the most tickets prior to noon April 8.

Booth construction is being done by the woodshop classes under the direction of George Boyle. The decoration of the gym and the booths is being taken care of by the art classes under the direction of Robert Briggs.

The seventh grade under the direction of Gordon Butterfield will have a faculty throw with Richard Griffith assisting and shaving balloons with Betty Petrocchi assisting.

The eighth grade, under the direction of Arlene Dunne, will have a fish pond with Janice Mandeville assisting and a wheel of fortune with Karen Decker assisting.

The ninth grade under the direction of Thelma Finger will have a side-show with Myron Soltau assisting and a bucking horse with Pat Griffith assisting.

The tenth grade, with Miss Raker as the advisor, will be in charge of refreshments with Carol Souter assisting and a house of horrors with Dave Coe assisting.

The 11th grade under the direction of Marilyn Dailey will be in charge of a ring toss booth with Bill Wright assisting and a dart throw with Ruth Osburn assisting.

The 12th grade, with Thelma Finger as advisor, will have a mallet and gong booth, Charles Cozzi assisting, and a basketball throw, Sheldon Jones assisting.

The decoration committee to aid Briggs includes Jeep Reid, Bill Wright, Ellamae Mercer, Virgina Speeter, Rosalie Christenson, Carol Street and Patsy Smisek.

The committee responsible for the booths will be Irma Nauss, Bill Port, Judy Neal, Fred Wofford, Doug Wilson, Dorothy Reack and Earlene Wallace.

Music for the evening will be supplied by Joseph Mustol, ably assisted by Jerry Quam. James Brehler will be in charge of awards. George Gergen, assisted by Rolland Gautsche, will be in charge of publicity.

LEWIS TO LEASE NEWLY ACQUIRED DONNER BUSINESS

G. E. Lewis, who recently acquired the Donner Pines Coffee Shop property along Donner Lake, announced this week that he proposed to lease or rent the property.

The coffee shop formerly was operated by Mr. and Mrs. Gene Welsh. It is housed in a 36 by 24 structure, completely equipped and ready for opening. A two bedroom apartment is over the coffee shop and a basement provides facilities for central heating and a large room for a possible boat shop.

Lewis said he is building a breakwater and pier in the rear of the property which has a 106 foot lake frontage. He is also preparing a sandy beach, a driveway from Highway 40 to the lake and a large parking area.

There is ample room on the property for the erection of rental units, Lewis said, and the property is now adjacent to several motels.

Lewis said he plans to devote his full time to his contracting business and doesn't not want to handle the restaurant and beach property.

Permanent Appointment—

Omar Alexander has received notice of his permanent appointment as foreman of the Donner Summit area in winter and Yuba Gap in the summer months for the California division of highways.

Tahoe Painter Held As Resort At Lake Looted

$13,000 Found Cached In Vicinity of Home of Suspect

STATELINE—El Dorado County sheriff's officers reported early this week that a 39-year-old house painter, held on suspicion of burglarizing the Wagon Wheel at the south end of Lake Tahoe, led them to $13,000 allegedly stolen from the resort casino.

The money, wrapped in a water soaked silk cloth, was buried in a snowdrift back of the home of William Monroe Matthews in the Al Tahoe area. Deputy Fred Brenzel said it took the painter about half an hour to recover the money which was buried under more than a foot of snow.

Inside the parcel, officers reported, were $7700 in $100 bills, $3940 in $20 bills, $660 in $10 bills, $370 in $5 bills, $201 in dollar bills, $180 in silver dollars and $130.50 in half-dollars—a total recovery of $13,312.50.

Left behind in the March 20 burglary was an estimated $8,000 in silver. The burglary was reported by Harvey Gross, owner of the place, after a maintenance man discovered the theft.

Mathews, a painting contractor, lives about a mile over the state line on the California side, while the Wagon Wheel is just inside Nevada on the southeastern shore of Lake Tahoe. Mathews reportedly waived extradition to Nevada where he is being charged with burglary.

PUBLIC SPEAKERS ADDRESS ROTARY IN MONDAY MEET

John Moore and William Walker, local winners in the public speaking contest sponsored by the Lions Club, talked before a meeting of the Rotary Club Monday at Brown's Cafe on the subject "Man's Search for Security." They were introduced by George Bergen, high school principal.

Other guests were Dr. Ervin E. Nichols of Pasadena; H. I. Snider, Nevada City; Lew Baysinger and Charles Moore of Truckee.

Local Rotarians have been invited to join with the Loyalton club March 28 for charter night of the latter club.

TOWN TEAM TO PLAY IN LOVELOCK

Truckee's town basketball team will wind up its current season in the Milich town team tournament at Lovelock this weekend. On Friday night at 9:45, Truckee will face Caliente to win the chance to meet the winner of the Colfax vs. Lund game Saturday night at 8:30. There are 16 teams from Nevada and California entered in the tournament.

WYETHIA DISPLAY AT LOCAL STORE

Mrs. N. F. Dolley will exhibit her art work in the window of Heller's Variety Store next week under the Wyethia Club art program.

Mrs. Dolley has received wide attention on her work. Her pressed flower pictures have won a number of awards as well as her dry arrangements and ceramics. Mrs. Dolley is a past president of the Wyethia Club and the director of the flower shows held here by the club.

TELEVISION TEST STIRS INTEREST

An experimental test with television at the Pastime Club here last week proved encouraging and this week Robert Falconi, a television technician, accompanied by Mrs. Ruth Hesse of the Sierra Guest House, went to San Francisco to procure additional equipment in an effort to make the local reception better.

Surb Klein of The Pastime said that while the reception was not too clear it did indicate that improvements might result in worthwhile entertainment.

Sun Beams

by WALTER BARRETT

With the resumption of activities at the Stockton Box and the Truckee Lumber Company this week, homes in Truckee are once again filled to capacity, bringing a renewed question of adequate housing in the area. We believe that there are scores of families who leave Truckee annually because of the lack of housing and while there are seasons when present facilities are near sufficient, there are others, particularly in the spring and summer, when the community could use 50 or even 100 additional family homes. What can be done about the situation is a problem. One thing is definite—we have a shortage of rental property. Anyone having houses to rent are asked to list them so that newcomers to the community can stay and keep their families here.

The matter of a parking lot has again been brought before the chamber of commerce for some kind of solution and plans are being formulated to relieve the situation. We believe the problem would be solved to a large extent if car owners did not use the main business section parking space for year around storage space. There are a number of vehicles parked along the street which are seldom moved and this would indicate that the space—which might well be used by a visiting shopper—is preempted by a local car owner who likes to keep his car always on the main street instead of at his home or garage.

M&E REOPENS AT OPEN HOUSE HERE TOMORROW NIGHT

New in everything but the name and management.

That's the story in brief of the M&E Coffee Shop in Truckee, which reopens at its former location tomorrow with Mary and Ernie deLisle greeting their scores of friends. The open house will be featured by a buffet Friday evening, starting at 8 o'clock.

The quarters of the popular restaurant have been divided to make room for a modernly appointed cocktail lounge in the west half. Opposite this, separated from it by a wall in translucent yellow plastic and natural finish wood, is the lunch counter. Several red upholstered booths in the rear complete the dining room section. While the cocktail lounge is connected with the dining room, each has its own entrance on the street.

Wherever possible, the deLisles employed local contractors and workmen to make the transformation of the M&E.

FIRST WEDDING PERFORMED AT CHURCH AT LAKE

KINGS BEACH— The first wedding to be performed in the Lady of the Lake Church at Kings Beach united Miss Hope Morrison of San Bruno and Robert E. McLaughlin of San Mateo on March 17, Father Ronan Brennan officiating at the religious rites.

The matron of honor and the best man are Mrs. Viola Cessario and Dallas Turner, both of San Mateo. Michael Murray, also of the Peninsula city and nephew of the bride, was altar boy. A reception at Cal Vada Lodge followed the nuptial service.

SCHOOL OFFICIALS ATTEND SESSION

Everett V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District, and George Bergen, principal of the local high school, attended a conference on school attendance at Auburn on Tuesday. The conference, attended by state and county officials, was under the direction of Albert F. Bequette, Placer County superintendent of schools.

Some points discussed during the session were uniformity in dealing with attendance problems, definition of responsibilities of various agencies, methods of handling cases, preventative measures and other related problems.

Churches Plan Easter Service For April 5th

Pastors Preparing Special Observances For Area

Special services at the Catholic, Methodist and Christian Science churches are being prepared for the Easter Season.

Services at the Catholic Church start Wednesday with an 8 o'clock Mass and evening devotionals at 8 p.m. Holy Thursday will be observed with Mass at 8 o'clock and the sermon and rosary at 8 in the evening. Good Friday will be devoted to three hours of devotion, starting at noon. Ceremonies on Holy Saturday begin at eight with confessions at Truckee from 3 to 5 and 7 to 9 p.m. and at Tahoe City between 3 and 5 p.m.

Low Mass will be celebrated on Easter Sunday at Soda Springs at 8 a.m., at Tahoe City at 8:30, at Truckee at 9:30 and at Kings Beach at 10 a.m., with confessions before each Mass.

Rev. A. A. Carmitchel announces a special musical and devotional service for the Community Methodist Church on Easter Sunday, to be preceded by Palm Sunday, March 29, when church school begins at 9:45, followed by the 11 o'clock worship and sermon, entitled "Crucial Moments Under an Unwelcome Reign." In the evening at 7:30 Evensong with pictures, "Forward with Christ," will be offered.

Holy Communion is set for Maundy Thursday at 7:30.

Three hours of Passion Service from noon until 3 p.m. are planned for Good Friday, April 2.

The Easter services will be featurde with a sunrise ceremony at 7 o'clock, church school at 9:45 and the Easter Day service and sermon, "What a Glorious Resurrection," at 11 a.m.

A nursery is provided for small children and the pastor extends a special invitation for all to attend.

Special Easter Sunday services and music will be offered by the Truckee Group of Christian Scientists and a cordial invitation for everyone to attend at 11 o'clock has been extended.

SPRING STORM DROPS SNOW IN TRUCKEE AREA

The usual spring equinox snow storm here last week left fourteen inches of fresh snow in Truckee—most of which has since disappeared in the spring sunshine—with 1.4 inches of precipitation. Total precipitation to date this season here is 23.69 inches, according to the U. S. Forest Service, compared with a normal of 23.73 inches to the end of March.

The forest service reported 16 inches of snow on the ground yesterday, compared with 88 inches on that date last year.

BOARD ENDORSES TAHOE BEACH AS PUBLIC RESORT

AUBURN— A proposal to make Tahoe Commons an improved and permanent beach for the public at Lake Tahoe has been endorsed by the Placer County board of supervisors.

In its action, the board voted to cooperation with the Lake Tahoe-Sierra Chamber of Commerce.

Mrs. Carrol Raymond, chamber secretary, requested supervisors to supply 600 cubic yards of sand for the beach and grant permission to thin out the trees between the beach and highway.

Supervisors deferred action on a request to construct a veterans' memorial building at Kings Beach.

DRAMATIC READING TO FEATURE MEET

Mrs. H. C. Johnson, state amenities chairman, will give a dramatic reading of the Easter Story before the Wyethia Club meeting scheduled for Friday, April 3, at 8:00 p.m. At this meeting, members are urged to use their ingenuity on the creation of Easter bonnets. An Easter parade will follow the program.

Horse Tale Ends With Local Man Again In Saddle

Dr. Oliver Scow, Truckee dentist, is again the undisputed owner of a saddle horse which had been the subject of more than a little controversy since it was allegedly stolen from a pasture near here last fall.

Dr. Scow charged Andy Ben Nichols of Nevada City with unlawfully taking the animal from the pasture. Nichols countered by contending that the animal was his and had not been legally purchased by the dentist in the first place.

After hearings in the local court, the matter eventually wound up in the superior court before Judge James Snell. After the presentation of testimony, the case was thrown out of court and Nichols sued for either return of the horse or $450 in cash.

This week the matter again came before Justice of the Peace F. W. Wilson in Truckee and the court decided that because the complaintant did not appear that the horse legally and conclusively becomes the property of Dr. Scow. Nichols, it appears, lost interest in the matter and judgment went to Dr. Scow.

BORNEMAN SLATED FOR TRANSFER IN FISH, GAME SETUP

Tom Borneman, game warden in this district for the past 5½ years, was notified this week that effective May 1 he will be transferred to the fish and game patrol boat "Bass" at Isleton. Borneman, who is married and owns his home in Meadow Park, says he will deeply regret the necessity of moving. He is currently president of the local rifle and pistol club, which he helped organize, and is commander of the American Legion here.

Borneman is appealing to the department of fish and game to have the order countermanded so that he can remain in the area he is now serving..

The warden declares he feels he can be of more value to the service if he is permitted to remain in an area he is familiar with, in a branch of game law enforcement in which he is best qualified. It is understood that some 17 other wardens and captains are affected.

STEAD OFFICERS SPEAK TO LIONS ON SURVIVAL TEST

Lt. B. H. Herbert and Sgt. D. E. Scott of Stead Air Force base spoke before the Lions Club here last night and illustrated the discussion with equipment used in survival operations which the Air Force has been conducting in the rugged mountain areas. The talk was instructive and interesting, since much of the operation was conducted in a district surrounding Truckee and Reno.

Angelo Besio presided and Charles Heller was the program chairman.

COUNTY TO SUE GOVERNMENT FOR BRIDGE DAMAGE

NEVADA CITY—Nevada County is planning to sue the federal government for damage to the bridge spanning the Truckee River at Truckee on September 23, 1951.

District Attorney Vernon Stoll said he is preparing the action in which the government is held liable because a truck and tractor in the service of the Tahoe National Forest broke through the span when the equipment was being moved toward Lake Tahoe on the Brockway cutoff for fire fighting.

Stoll said he had been advised by Congressman Clair Engle that the only method of recovering damages from the government was by suit in federal court.

The county rebuilt the bridge at a cost of approximately $30,000.

MRS. BERGMANS IS GRANDMOTHER

Mrs. Emily Bergman became a grandmother on her birthdate, March 22. She learned of the event when her son telephoned from Redwood City to say her grandson had arrived and has been named Henry.

More Catchable Sized Fish Will Be Planted Here

10,000 Large Trout to Be Stocked in Local Stream

Assurance that at least 10,000 catchable sized trout, together with 75,000 fingerlings will be planted in the Truckee River this year by the California department of fish and game was given at a meeting of the Truckee Outdoor Sportsmen here last week at Capitol Hall, attended by officials of the department.

It was also revealed that an equal number of catchable trout will be stocked in the south fork of the Yuba River and 2,000 in Deer Creek. The delegation from the department was headed by Allan Pollitt of Placerville and James Frazier, biologist.

Rough estimates show that approximately 85 per cent of the catchable sized trout survive to provide sport for anglers, while no one is apparently willing to hazard a guess on the survival of the fingerlings in the water of the Truckee River.

Other plantings proposed for this area include 30,000 kokanee salmon for Donner Lake, 20,000 rainbow for Boca Reservoir, 25,000 rainbow in Donner Lake, 8,000 in Prosser Creek, 15,000 in the Little Truckee.

Other similar plantings of fry are contemplated on the eastern slope of the Sierra and in the Lake Tahoe area. While most of the plants will be made by crews working from a distribution plant from trucks, some planting from airplanes will take place, fish and game spokesmen said. The latter will include many isolated lakes in the back country of the Sierra.

Local sportsmen are urging the department to make a substantial plant in Trout Creek for the exclusive use of young boys and girls of the community. At one time, this stream was taboo for the older fishermen and youngsters were privileged to do their best within limits. For the past several years it has not been planted.

The season opens May 2 on a few local lakes and on May 30 in the local streams and tributaries, except those otherwise posted.

HENRY RISSER, PIANO TUNER, DIES AT RENO

Henry Risser, 62, widely known Reno, Truckee and Lake Tahoe piano tuner, was found drowned near Reno Tuesday afternoon.

Risser's body was found at the bottom of an individual hot bath at a Reno resort. The pool was about five feet deep. It was not immediately determined what caused Risser to drown in the pool, although it was believed he may have slipped and fallen.

Risser for many years made regular trips to this region, where he had scores of friends and acquaintances. He had long been a resident of Reno but was a native of Alsace-Lorraine. He leaves a son, a daughter, two sisters and a brother in his native land.

LINDA RUSSELL PARTY HONOREE

The Easter motif was used in the party appointments when Mrs. Lauren Russell entertained on March 21 in honor of the third birthdate of their daughter, Linda.

Those present were Judy Wakefield, Mrs. G. E. Lewis and son Courtney, Mrs. Jack Neugebauer, Jerry and Monte; Mrs. Cliff Ellis, Debbie and Chris; Mrs. James Walker, Ronnie and Karen; Mrs. Harry Digesti and Larry; Mrs. Ken Hedlund and Karen; Mrs. Lorrin Ferdinand and Sandy.

LOCAL ROAD JOB COST UPPED $1,000

The state highway commission has allocated an additional $1,000 for restoring the roadbed east of Flycaster's Curve at Floriston, Mystic and at .33 of a mile east of Mystic. The funds were necessary because of suspension of the project during bad weather, which increased the cost.

The project, the commission said, has been completed at a total estimated cost of $326,467.

DELEGATES

Mrs. N. F. Dolley and Mrs. Fred Pedley are delegates from the Wyethia Club of Truckee to the annual convention of the northern district California Federation of Women's Clubs, being held this week in Woodland.

PROBATION

Two teen-aged Truckee youths, recently charged with the theft of beer from a truck and disturbing the peace, were recently placed on probation when they appeared before Judge James Snell in Nevada City this week.

AUNTIE BLANCHE HAS A BIRTHDAY COMING UP IN A FEW DAYS!

BY GOLLY, I'M GLAD YOU MENTIONED IT! I'D FORGOTTEN ALL ABOUT IT!

District School News

TRUCKEE ELEMENTARY

First Grade

The class has found a new and exciting way to learn the numbers and alphabet. They are playing "Bingo" using large cards that have the alphabet letters on one side and numbers on the other.

This week we are happy to welcom Daryl Breakfield. He attended part of kindergarten here last year and has been renewing old friendships.

We elected monitors for our room this week. Jimmy Rankin is in charge of the room's orderliness. Bonnie Fair is our hostess. She will welcome our visitors and show them what we are doing, as well as introducing them to the class.

Second Grade

Our class has been busy making Easter baskets and pictures for Easter.

In dramatic play for social studies an imaginary fire was successfully put under control in a "Day in the Fire Department." Jerry Kirby acted as captain and was replete with a fire chief's hat, rubber coat and a few feet of hose for the fire truck. The truck was played by Daven Morey. Each child chose the person or thing he wished to be.

Sixth Grade

The children were quite disappointed when their dance was postponed by storm conditions last Friday but they decided to hold it this Thursday evening. Friday evening was discovered to be an unfortunate selection this week because the Boy Scouts are planning a camping trip and other children were leaving with their parents for an out-of-town vacation.

Shirley Goodpasture, Dorothea Frye, Allan Young and Patty Stinchfield gave very good book reports on Latin America. Larry Reid wrote a very fine poem.

Shirley Goodpasture, Carol Ann Quilici, Harold Brown advanced into another spelling group. Allan Young advanced into a higher arithmetic book.

For art we are painting cans various colors and designs, which will be sent down to Travis Air Force base hospital. They will be used for flower vases and ash trays for the soldier patients.

DONNER TRAIL

This week we stressed health and music. The school nurse gave us a very interesting talk about our skin. She talked about skin diseases and how to prevent them. The nurse gave us a wall chart on good grooming.

In music we are studying the notes, the staff, the rests and timing. Charts have been made describing the music symbols.

On Monday we saw and discussed a film from the United Airlines on Hawaii. All the children took a mythical trip to Hawaii and all its islands. The film was in color and showed all the aspects of all the islands.

KINGS BEACH

Kindergarten and 1st Grade

We have been studying and thinking carefully about safety recently and in connection with this we saw a film Monday entitled "Safety to and from School." We learned how to watch for cars, where to cross the street and when we go to bigger towns or cities to watch for traffic signals.

There was a most welcome and popular visitor here last Wednesday. Miss Karen Little, of the 5th grade, brought her white pet rabbit, Thumper Jr., for us to see and to touch. We learned what she eats, where she stays and how many little rabbits there usually are in a litter.

Ronnie Baker celebrated his 6th birthday with a party at school last Thursday. His mother, Mrs. Rose Baker, brought a white coconut cake, ice cream, candy and hot chocolate. Games were played and Karen Critchley. Janet Mallory and Lynn Chatwin won prizes.

2nd and 3rd Grades

Wednesday last week we saw an educational color film, "Tina of Mexico." Our social studies group is making individual free hand maps of Mexico 3 feet by 3 feet. Sherry Arney brought a Mexican doll for our exhibit.

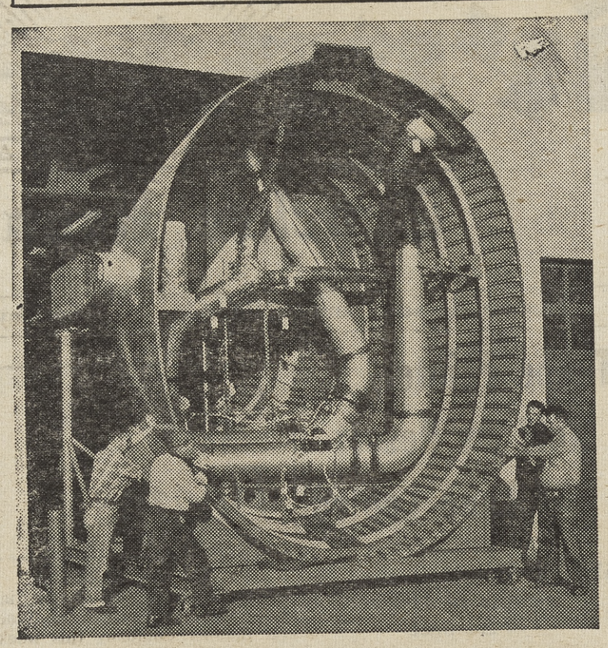
John Malley, who spent the winter in Orland, returned to our class Tuesday.

We observed St. Patrick's Da by making shamrocks out of contsruction paper. Mrs. Wing also read "The Emerald Isle" to us.

4th, 5th and 6th Grades

We have been learning about baseball in physical education classes. Mr. Sams has been giving us some special instructions in batting. Also, we studied a film showing correct baseball techniques.

GIANT PLANE DE-ICER



Los Angeles—Enough heat to warm a dozen six-room homes is produced in this aircraft tail stub assembly, shown being trundled out of the Chrysler Motors California Plant at Los Angeles for shipment to the Long Beach, Calif., Plant of Douglas Aircraft. The two heaters in this section of the Douglas Globemaster C-124 transport plane deice the tail surfaces and warm the interior of the giant craft, which has a capacity of 200 fully equipped troops or 76,000 pounds of cargo. Chrysler Corporation's Los Angeles Plant makes wing, tail and fuselage assemblies which go to Douglas for final assembly.

JOLLY EXHIBIT SET AT CLUB HOUSE DURING NEXT WEEK

During pre-Easter week, the Wyethia Women's Club of Truckee will sponsor the art exhibit of Rafael Jolly at the club house on Riverside Drive. Jolly's paintings will include landscapes and portraits. Many local and Lake Tahoe residents have been painted by the Truckee artist.

Jolly is a well known artist in California and Nevada, having exhibited in Carson City and Reno as well as in California cities. The art exhibit at the Mapes Hotel in Reno last weekend found two of Jolly's oils on exhibit.

This is the first of a series of one-man exhibits the Wyethia Club art program will hold at the club house. Everyone is invited to attend. Art classes from the schools will attend in a group.

SPRING STORMS BRING SNOW TO TAHOE

TAHOE CITY— Weekly weather report by A. E. Frodenberg:

Lake level, 6227.59, all gates closed. Snow on the ground Monday at 8 a.m., 41 inches. New snow for period March 16-23, 29½ inches. Precipitation, same period: 2.12 inches. Daily high and low temperatures: March 16th: 45, 21; 17th: 44, 21; 18th: 42, 23; 19th: 33, 28; 20th: 28, 19; 21st: 40, 22; 22nd: 44, 18; 23rd: low 22.

S.P. RADIO SYSTEM IN MOUNTAINS IS BEING EXPANDED

Southern Pacific is rapidly completing radio installations on its lines in the Sierra Nevada and Cascade mountains, J. W. Corbett, the raliroad's vice president in charge of operations announces.

Corbett said radio transmitter-receivers at fixed stations and on snowfighting equipment in the Sierra have helped coordinate the job of keeping tracks cleared of snow and that similar installations will be completed shortly after April 1 in the Cascade mountains of Oregon.

Installations in both areas are designed for communications from end-to-end of moving freight trains, stations and snow clearing equipment. Train dispatchers at Sacramento and Eugene, respectively, are tied into the railroad's networks. In emergencies, the radios will also be available to span breaks in wire communications lines, Corbett explained.

Radios are now on all diesel passenger locomotives used on the Sierra and Cascade routes and are going into all diesel freight locomotives and cabooses operating between Roseville and Sparks and between Eugene and Dunsmuir; also on diesel powered trains operating in the Siskiyous, Corbett said.

Southern Pacific's use of radio has been increasing rapidly over the past six years, Corbett reported. Diesel powered freight trains over the Tehachapi mountains and along the coast between Los Angeles and Watsonville Junction have been using end-to-end radio for some time. Radio also speeds communications in larger switching yards and walkie-talkies aid car checkers in making reports from far reaches of the yards.

10,754 VEHICLES IN '52 IN NEVADA COUNTY

SACRAMENTO —(CNS)— Complete vehicle registration figures for the year 1952 have been announced by the state department of motor vehicles. In Nevada County, a total of 10,754 vehicles were registered, a figure which included 8,317 automobiles, 1,710 trucks, 675 trailers and 52 motor cycles.

TURNPIKE TUNNELS

There are seven tunnels through the Allegheny Mountains on the Pennsylvania Turnpike.

SHOE REPAIR
by Experts

Good shoe repair requires expert workmanship and high quality materials. That is what you get at Truckee Shoe Shop; plus the saving you make on the reasonable low rates.

One of the most important factors in getting the most wear from your shoes is to make sure that the repair work is done as soon as it is needed. The cost will be less and you'll get a better job. Don't put off shoe repair!

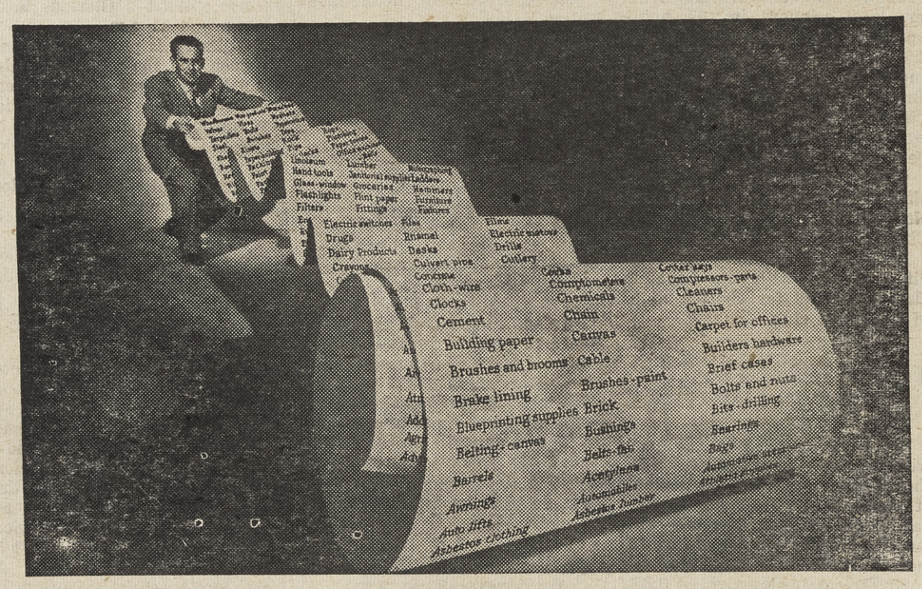
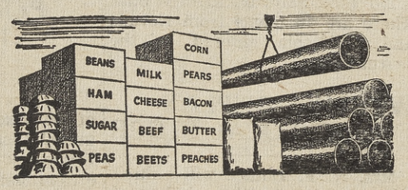
Short story of a long shopping list



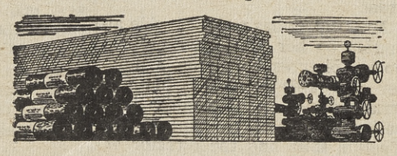
If you were to jot down all the different kinds of goods and services Standard Oil Company of California buys, your shopping list would be about 50,000 items long. Over the years, we've been growing as a *customer* as well as a supplier here in the West.

But the most important aspect of our "shopping," we believe, is *where* we do it. You might think that a large company like Standard would centralize its buying in a few metropolitan areas. Actually, our purchases are made in hundreds of Western communities. The almost infinite variety of Standard's needs—from paper clips to propellers, from produce to professional services—has made the Company an important factor in the economic well-being of Western towns and cities.

Last year Standard was a very good customer for a great many firms—more than 10,000 large and small suppliers, to whom we paid more than $125,000,000. We've always bought locally wherever possible and practical. We do it not only because it's good business for Standard, but also because it helps the growth of the West. We know that our long-run prosperity depends on that of the communities we serve.



From groceries to drilling pipe, Standard's purchases in local communities mean business to merchants all through the West.



We buy building materials—lumber, roofing, plumbing, carpentry, and supplies for our oil fields, refineries, plants, and offices.

We also use the services of doctors, nurses, pharmacists, lawyers, engineers, surveyors, drilling contractors, and many others.

Tahoe Topics

by ETHEL J. VERNON

On Monday, March 23, the dawn broke clear and sunny once more, as it had for three days prior, following this region's three days of spring blizzard. The three days of snow storms started last Wednesday evening and ended early Saturday morning. The records of Arthur Frodenberg, weather observer, show 28 inches of new snow measured for the three day storm with precipitation 1.98 inches. The snow pack on the level measured 50 inches just after clearing on Saturday morning but by 8:30 Monday morning it had settled to 41 inches at the measuring point. The lake level, which rose much faster during the past week, came up from the previous Monday's measurement of 6227.51 to 5227.59 this Monday, with all outlet gates still closed.

The Tahoe City Rotary Club members were hosts Tuesday evening, March 17, to the Brockway Rotary at a dinner held in the dining room of the Tahoe Inn. Seventy-two Rotarians and their wives and guests, including both clubs, were served. Program director for the evening was acting president Denis Sach, who started the entertainment by leading the singing of several old favorites, aided by the voices of those attending. Several humorous contests were put on following the dinner and equally amusing prizes were awarded the winners. Three birthdays of Rotarians were celebrated at this time and each was presented with a gift. Those having birthdays were Bill Conners, vice president, James Martin of Tahoe City and Don Snyder of Lake Forest. Birthday gifts to the three consisted of a large birthday cake cut three ways.

At a recent meeting of the board of fire commissioners of Tahoe City it was recommended that the Placer County board of supervisors appoint Martin Spitsen as commissioner to replace Charles Cross Sr. whose term expires April 6. No one having filed for this office previously, the supervisors are empowered to make such appointment and Spitsen has agreed to accept if appointed.

Tahoe citizens who were among the early risers who watched for the flash of the atomic bomb last Tuesday morning (March 17) were R. Horton, whose lodgings overlook the lakeshore, and the C. W. Vernons, whose house also has broad windows with a view over the lake. Horton saw the flash and glimpsed the edge of the rising mushroom cloud. The Vernons saw the rosy flare spread for a few seconds between the rifts in the thin clouds overhanging the eastern mountains.

At 9:20 Saturday evening a slight earthquake shock was felt at Tahoe City. The tremor lasted only about five seconds here and was more like a sudden tipping of the earth from southeast to northwest. The shock was also felt in the Carson City and Carson Valley region. The University of Nevada seismograph recorded the 'quake and placed its epicenter about 50 miles south of Reno. A tamborine, standing on edge on the buffet in the Vernon home, jingled for about two seconds in the shake and the whole building creaked slightly. At the Tahoe Inn, bartender Charlie Spaulding, standing behind the bar, was rocked on his heels against the southeast window.

At 6:15 the following morning a second shock was felt here. The Vernon family, in their two-story home, were awakened by a sharp jerk and quiver. Mr. and Mrs. Dinty Moore, whose sleeping apartment is on the second floor of the building next door, were awakened by the shock. Moore described the quake as a sharp jerking motion which made his frame building creak.

A Lake Tahoe Sierra Chamber of Commerce bulletin, completed in the office of the secretary-manager, Carrol Raymond, was released this week to the membership and to the public. Information and plans given in the bulletin included details of boat races being planned for the coming season. Fred Main, president of the chamber and commander of the Coast Guard Auxiliary on Lake Tahoe, is credited with the initiative behind these plans, aided by other boating enthusiasts, such as officials of the Lake Tahoe Yacht Club. The Lake Tahoe Gold Cup Race, proposed earlier during the past winter, is now being promoted by some of the nation's foremost speedboat owners, according to Main. This proposed event is now being sponsored by the local chamber, according to the bulletin, as a two day race with tentative dates set for September 12 and 13. At this late summer date it was thought there should be accommodations about the lake region for about 50,000 people. This was the tentative number of estimated attendance made by the planning group of designers and racers working on plans for the events. This estimate is based on the 300,000 attendance drawn by last yaer's Gold Cup Races held at Seattle.

Louise Geier, chairman of the Red Cross drive in the Lake Tahoe area of Placer County, reported at the end of the first ten days of the drive the substantial sum in contributions received by her of $540. Shortly after this, Mrs. Geier left for a trip to southern California. In the meantime, further contributions will be accumulating in her mail, expected to pile up a goodly sum by the time she returns.

Norman R. Mayfield and Ernest H. Pomin will be unopposed for re-election as trustees on the board of the Tahoe City Public Utility District. The two will be re-elected for four year terms at the TCPUD election May 5.

On the sick list for Tahoe City and vicinity this week the recuperating, much improved and almost recovered are as follows: PMT driver Henry Helm of Tahoe City, who entreed a Reno hospital about seven weeks ago for treatment of an injured spine, underwent another operation there about a week ago. A disc was removed and reports say he is improving much faster since the operation.

Charles Warner, who suffered a slight stroke about two weeks ago and was confined to the hospital for a while, has been home for a few days now and is getting along nicely. He is still under doctor's orders to be very quiet for some time.

Howard Carnell, who had the bad luck to break an ankle in ski practice just before one of the big competitions on Donner Summit, was sufficiently improved to be out for a long motor trip during the past week. Accompanied by a service buddy, Howard visited with friends in Bishop.

Mrs. Audrey Foresberg of the Tahoe City telephone exchange, though still under the doctor's care after a severe and lengthy attack of flu, is up and around again this week.

Leonard and Dorothy Bury are both able to be in the bakery again this week after a severe attack of virus flu for each. Leonard, who was stricken first, was barely able to be up when Doorthy was taken with a more severe attack. About ten days in all were consumed by the pesky germ.

Mr. and Mrs. Charles Cross Jr., with their two young sons, spent most of the past week on a vacation tour to Las Vegas. They visited Mrs. Cross' family there. Mr. and Mrs. Cross Sr. are expected home here this week after an extended vacation tour of South America.

Mr. and Mrs. Fenton Ball of Tahoe City spent the past winter at Morro Bay, north of Monterey. They write friends here this week that the winter down there remains beautiful, the fishing good and golfing enjoyable—but they will be heading for home at Tahoe in another month anyway.

Ben Jones of Tahoe City returned during the past week from a two weeks tour to the middle west, by way of Arizona and Oklahoma. He visited several days in Kansas with his two sons, a daughter and five grandchildren. The sons and daughter, Jones hadn't seen for 12 years and grandchildren not at all. He says his vacation isn't quite over yet, however, as he plans to leave again in a few days for the San Joaquin valley to visit his friends, the Robert Thomases, at their ranch near Patterson.

Dick Pomin Irvine, a grandson of J. E. Pomin who is at present on a tour of Mexico, visited here with his bride, Marilyn, during the past week. The couple were guests for the time of Joe and Betty Pomin and family at their Tahoe Pines home. The two were married very

CRYSTAL CREAMERY

KITCHEN TIPS

FROM THE CRYSTAL MAID

The hens are so cooperative these spring days . . . to begin giving us more and bigger eggs that fit so nicely into spring menus. With these fine, fresh eggs and lots of wonderful Crystal Dairy Foods who could fail to be inspired when it comes to Lenten dishes? Here are some ideas . . . you'll have others of your own. Send them in to "Kitchen Tips" and be a prize winner! We're getting some exciting suggestions and will be printing them soon!

FARMER'S OMELET

Lent is the time to make a very special omelet. This could be it! Serves 4.

1 good sized potato, diced
1 large onion
6 eggs
2 tbs. grated cheese
2 tbs. Crystal Butter

Dice the potato in cubes, saute them slowly in 1 tbs. Crystal Butter until brown and crisp. Slice the onion and cook in butter until soft but not brown. Beat the eggs with 3 tsp. water, salt and pepper until just blended. Mix in the cheese (either yellow or Swiss), the onion, then the potatoes. Cook in a preheated frying pan with plenty of Crystal Butter. Fold lightly and turn onto a warmed platter. Garnish with parsley.

* * *

CRYSTAL ICEBOX CHEESE PIE

2 envelopes gelatin
½ lb. Crystal Cottage Cheese
¼ cup sugar
½ cup orange juice
Grated rind of 1 orange
3 egg whites, stiffly beaten
Baked pie shell; glaze.

Soften the gelatin in 3 tbs. cold water, add ¼ cup boiling water and stir until dissolved. Rub the cheese through a fine sieve, beat in the sugar, orange juice and grated rind. Combine with the gelatine, beat thoroughly, fold in the beaten egg whites, turn into a baked 9-inch pie shell and chill in the refrigerator until firm. Decorate with thin orange slices and cover with this glaze:

Glaze—Boil together 1 cup sugar, 1 cup orange juice. Stir in 1 tbs. corn starch dissolved in ¼ cup cold water. Boil for 1 minute, stirring constantly. Cool slightly and pour over the orange sections on top the pie.

* * *

Crystal Cottage Cheese has a better, fresher flavor because it is "REALLY farm fresh"—made fresh every day and delivered fresh every day.

* * *

Serve Crystal Pistachio Nut Ice Cream tonight! Lovely color, luscious flavor!

TRADE FEED, FUN FOR DATA ON FISHING AT TAHOE

TAHOE CITY— Ol' Hack the Mac, Lake Tahoe's legendary dean of the mackinaw, variously reported by sportsmen who either hooked him momentarily or enjoyed passing and pungent repartee with him, comes into his own in a big way this season.

For years, tales of O' Hack's sagacity, size and general unpleasantness of character have increased. None knows his age; his size is approximated at 50 pounds. Once or twice each season some responsible, sober Waltonian reports having played Ol' Hack in, out, up and down the wide reaches of Tahoe—always on deep lining gear. He takes 'em for a ride, leaves 'em with a laugh.

This year pa, ma and even the kids are going to have a whack at Hack, when the Lake Tahoe-Sierra Chamber of Commerce sponsors its first annual Fisherman's Luck—an affair which it hopes to develop into a "must" on every fisherman's yearly calendar.

Fisherman's Luck opens on May 2, with the fishing season, and extends through Memorial Day.

Whether the angles pauses for a day's sport or stays the month, he's eligible. Whether he takes Ol' Hack or comes up with a mere fingerling, he's as apt to win the grand prize as not.

The way it works is thus: upon arriving at Tahoe, the fisherman checks in at one of many indicated stations, is alloted a card with detachable stub, duplicate numbers. Upon this are questions as to size, type of fish, where taken, tackle, bait or lure, etc. All information useful to the state fish and game departments of California and Nevada, as well as to lake authorities.

When he leaves the lake, the angler checks in this card, filled, with the nearest station, retaining the numbered stub. This presented on the 30th makes him a guest at the biggest, bang-uppest barbecue in seven counties and the upper part of Canada.

There are ten really outstanding awards lined up, plus the Ol' Hack grand award, and a Liars' Luck award to be made on merit of the tallest tale as judged by a jury of three Graduate Liars. There will also be a Junior Hack award for anglers between six and 16.

The Lake Tahoe chamber is sponsoring this event for four reasons. First, to better acquaint the fishing public in general with the prospects in this really wonderful vacationland. Second, to encourage fishing for the love of the sport rather than as a background for competitive angling. Third, to acquire for its won use and that of California and Nevada fish and game departments such information and statistics as will help make the Tahoe-Sierra region a better fishing ground in years to come, and to conserve resources in a common sense fashion. And fourth, for FUN!

From where I sit ... by Joe Marsh

"Biff" Falls for His Own Story

Biff Morgan's four-year-old daughter Rusty is something of a night owl. Stays awake way past her bedtime.

Every night Mrs. Morgan complained about how hard it was to get Rusty to go to sleep. Finally Biff decided to handle the situation. "Anyone can get a kid to sleep — takes a little patience! Here, hand me her storybook."

He grabs the book and goes into Rusty's room. About an hour later Rusty comes padding out in pajamas and hands her mother the book. "Read it quietly," she whispers, "so we don't wake Daddy."

From where I sit, Biff won't be so quick to be a "child-care specialist" the *next* time. If we could just resist being such "know it alls," our neighbors would be better off. Take those who would deny me a glass of beer with my supper — well, I might not care for the buttermilk *they* like. We all ought to realize that we all have different abilities and different preferences, too.

Joe Marsh

SEAL SALE SHORT OF NEED FOR PLACER COUNTY

"In these days of many appeals and hard pressed dollars, it is plain common sense to look before we give, making certain our humanitarian gifts buy maximum benefits and that the integrity ganizations merit our support. One cause unquestionably deserves wholehearted public cooperation and that is the annual Christmas Seal Sale sponsored by the Placer County Tuberculosis and Health Association," declares Veta E. Owen, executive secretary.

A total of $7,981.88 has been contributed by Placer County residents this season. At least $8,500 will be needed by the association to carry on its 1953 program.

Although 11,800 letters containing Christmas Seals were mailed to Placer County residents, replies to only 6,181 of these letters have been received to date.

It is now time to close the books and clear the records for next year's mailing. If recipients have not sent their 1952 contribution, they are urgently requested to do so immediately so that the records may be completed for this year and there will be funds available to carry on the fine program that has been planned.

The work of the association is supported entirely by Christmas Seal Sales. Seventy-eight per cent of all Christmas Seal proceeds remain in the county where they are raised. They have made possible the purchase of the fine x-ray unit at the Health Center and also make it possible for every person in the county to receive a free chest x-ray for the asking.

"Give NOW so that more of the healthful things of life may come to Placer County," the association official urged.

976 PREDATORS ARE TAKEN IN MONTH

Satte departmnet of fish and game trapper-hunters eliminated a total of 979 predator animals from wildlife haunts during the month of January.

Of the 157 coyotes exterminated, 31 were taken in Fresno and Madera counties and 26 in Siskiyou County. Eleven bobcats of the 71 trapped were snared in San Benito County and Yuba County yielded 26 of the 146 foxes taken during the month.

Included in the January bag were 230 skunks and three mountain lions taken in Shasta County.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p.m. on April 15, 1953, at which time they will be publicly opened and read in the Assembly Room of said building, for constructing railing on bridges on State Highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, across Truckee River and over the Southern Pacific tracks at Hinton, about 9 miles east of Truckee (III-Nev-38-B), railing on two bridges to be constructed.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Classification	Rate per hour
Carpenter	$2.60
Cement finisher (journeyman)	2.57
Concrete mixer operator (up to one yard)	2.28
Concrete mixer operator (over one yard)	2.61
Flagman	1.85
Laborer	1.85
Operator of jackhammers-vibrators and all air, gas and electric tools	1.95
Painter (brush)	2.40
Pile driver man, bridge, wharf and dock carpenter	2.7075
Reinforced steel worker	2.60
Truck driver (less than 4 cubic yards water level capacity)	1.89
Truck driver (4 cubic yards and less than 8 cubic yards water level capacity)	1.99
Truck driver (8 cubic yards and less than 12 cubic yards water level capacity)	2.19
Truck driver (12 cubic yards water level capacity or more)	2.39
Any classification omitted herein not less than	1.85

Overtime - not less than one and one-half (1½) times the above rates.
Sundays and holidays - not less than one and one-half (1½) times the above rates.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

DEPARTMENT OF PUBLIC WORKS,
DIVISION OF HIGHWAYS.
G. T. McCOY,
State Highway Engineer.

Dated March 20, 1953. m26a2-9

SPECIAL NOTICE
TO HOME OWNERS

In cooperation with the Truckee Sanitary District, for the purpose of eliminating unsightly and unsanitary garbage conditions throughout the District, the Chamber of Commerce calls attention to provisions of Ordinance No. 5 of the Sanitary District, and asks your individual assistance and cooperation.

Ordinance No. 5 provides, under penalty of a $300 fine or three months in jail, that proper garbage containers be maintained and be kept accessible to the Collector, such receptacles to be of proper size and kept covered.

It is also provided in the ordinance, under Section 3, that "it is unlawful for any person in the Truckee Sanitary District to throw or deposit garbage, or cause the same to be thrown or deposited, upon any street, alley, gutter or park, or other public place, or to throw or deposit same in or upon any vacant lot or back yard, or to store or keep same otherwise than in cans or receptacles as required by Section 2 and 4 of this ordinance. Each day's violation of this section shall be treated and considered, and the same shall be a separate and distinct offense."

THE CHAMBER OF COMMERCE, TO MAKE THIS A CLEANER AND MORE SIGHTLY COMMUNITY, REQUESTS STRICT ADHERENCE TO THIS AND OTHER SECTIONS OF SANITARY DISTRICT ORDINANCE NO. 5.

Truckee Chamber of Commerce CLIFF ELLIS President

IT'S WISE TO ADVERTISE!

The Board reserves the right to reject any or all bids.

E. L. LOYND, Chairman, Board of Directors. m19-26

TAHOE GOLD CUP BOAT RACES SET FOR EARLY FALL

TAHOE CITY— An announcement recently authorized by the Lake Tahoe-Sierra Chamber of Commerce at Tahoe City will be of keen interest to all speed boating fans, owners and drivers, as well as enthusiasts of this high Sierra wonderland, per se.

Released at the chamber's recent meeting was news that Lake Tahoe's first Gold Cup Race will be run over the fast waters of the big lake, immediately after Labor Day; presumably the weekend ensuing. Exact time will be verified at an early date.

The event, arranged by a group of the nation's foremost speedboat owners, designers and drivers, including Stan Dollar Jr., William Stead, Morlen Visel, Lou Fageol, Danny Arena, Shorty Cantland and many others, will sponsored by the lake chamber. It is planned to make the running of the Tahoe Gold Cup an annual event.

Although this two-day event, encompassing many classes, has been assured to Tahoe, some overall details are being smoothed out for future announcement.

In order to insure participation by a majority of the finest speedboats and drivers, the Lake Tahoe Gold Cup will be run immediately succeeding the National Gold Cup Races at Seattle—wherefore the near-Labor Day dateline. Another reason for this timing is that Tahoe weather conditions at this season are usually propitious for a a fast run. It is also possible then to accommodate the large number of racing enthusiasts expected—a crowd estimated by the planning group as from 25,000 to 50,000 persons.

Stan Dollar Jr., whose driving of Stan Sayers' Slo-Mo-Shun IV won the Gold Cup at Seattle last August, is expected to bring one of the famous Slo-Mo-Shuns to the Tahoe event. Henry Kaiser has yet to announce which of his speed fleet will participate but he's out for blood. Reno's Bill Stead is expected to drive the Hurricane, designed and built by Morlen Visel. The Hurricane last year at Tahoe clocked an unofficial lap at 177 m.p.h. Its builder, Visel, now resident in nearby Gardnerville, Nevada, is constructing a new craft, sister to Hurricane, with which he expects to fracture the world's speedboat record of 178.4 m.p.h.

Among others expected to contribute to a high spectator blood-pressure is sportsman Gus Shaffer of Detroit who has sponsored such craft as Such Crust I and II. Shaffer is running one of the "Crusts" at Seattle this year.

William "Bill" Stead is donating the annual perpetual trophy for the Lake Tahoe Gold Cup race, and the winner can count on adding a new wing to his home or renting a niche at Fort Knox, as the master trophy stands four and a half feet high—and Stead has sworn it will be the most outstanding prize in its class and type nation-wise.

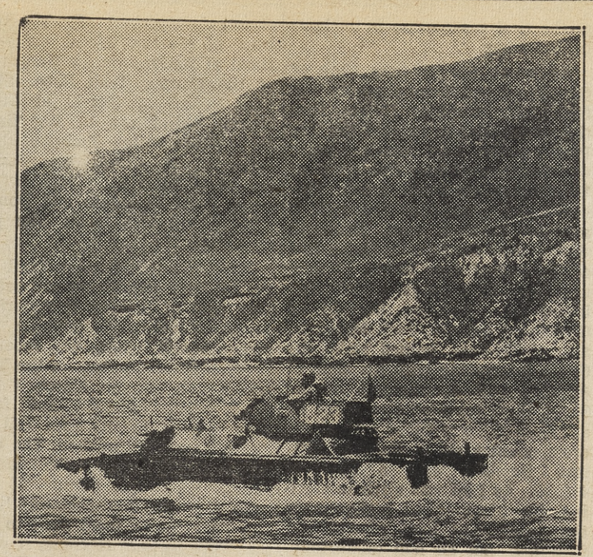
CALIFORNIA NO. 2 WITH ANGLING

America's favorite sport reached a new high during the year ended June 30, 1952, with the record sale of 17,127,000 anglers' licenses, according to the U. S. Fish and Wildlife Service.

California maintained second place behind Michigan in the total sale of licenses, but climbed to within 65,000 of the lead. A total of 1,059,000 angling licenses were sold in California during the 12-month period.

REPRODUCES BY SPROUT

Sequoia semperviren is one of the few coniferous trees that reproduce from sprouts.



NEW FANGLED SUBMARINE? No. It's an Army tank going through routine maneuvers in the briny deep off Point Sal, near Camp Cooke, Calif.

LINDSAY BALKS AT GOVERNOR'S TAX, BUDGET PROGRAM

SACRAMENTO— Assemblyman Francis C. Lindsay of the 6th District, including El Dorado, Placer and Nevada Counties as well as several others, this week joined a bloc in the lower house urging that no tax increase measures be considered until every effort has been made to cut Governor Earl Warren's $1.3 billion budget.

Lindsay disclosed that since the revenue and taxation committee in the lower house came out two weeks ago in opposition to any new taxes, his mail from citizens in the mountain counties demanding defeat of the governor's plan to increase state expenditures has been very heavy. The senate finance committee had taken similar action earlier in the session.

"Personally, I would prefer that the state end the year with a $20 million deficit, rather than a huge surplus," Lindsay declared, "for it is a historical fact that when there is an unspent surplus and uncommitted money available in the state treasury, there invariably is a scramble among state department heads to get in on the gravy."

Lindsay said that since the budget was presented for study by the legislature, sentiment has been mounting against any increase in governmental expenses.

"The way to balance the budget," he believes, "is to cut the budget. We've got to stop the snow balling tax load which our people are asked to carry. I think we can begin at the root of the evil—an ambitious spending program for the coming fiscal year."

The mountain counties' legislator based his contentions on figures submitted by the legislative auditor, which has advocated that if the legislature can cut the budget by $39 million and use $47 million of the $66 million now in the state treasury, there will be no necessity for a tax increase this year and there would be a surplus of $19 million at June 30 of this year.

PINE LUMBER OUTPUT IS ON INCREASE

Pine lumber production during the week ended March 7, based on figures supplied by 111 mills, totaled 64,495,0000 feet compared to 62,639,000 feet the preceding week, the Western Pine Association reported.

For the year to date orders are up eight per cent more than for the same period last year. Shipments are up eight per cent and production has increased 17 per cent. The report covers ponderosa, sugar and Idaho white pine and related species.

PLACER CORONER'S CASES HIT 111; SIX IN LAKE AREA

Coroner Francis West investigated a total of 111 deaths in Placer County during 1952, according to his official annual report. Of these, six were in the Lake Tahoe area of the county.

Sixty-six of the total were due to natural causes, 13 to auto accidents, six to suicide, four to homicide, three to drowning, three to poisoning and the remainder to miscellaneous causes. West held five inquests during 1952, ordered 86 autopsies and nine examinations performed.

The Auburn area had the greatest number of coroner's cases, 45 deaths being investigated there. In West's home town of Colfax there were 27 cases, 24 at Roseville and nine in Lincoln.

August and December proved to be the most fatal months, with 12 coroner's cases each. January and April had 11 each, February and October 10, June nine, March, May and November had 8, July 7 and September was low with five.

Washington, D.C. entertains over 1,500,000 visitors annually.

TAHOE TOPICS

(Continued from Page 3)

recently in Bremerton, Wash., the bride's home town. Dick is in the Navy and presently stationed on the USS Brinkley, where he is scheduled to return to duty after a short honeymoon.

George Kehlet, owner of the Meeks Bay Resort, with his son, Fred, were surprise luncheon guests at the home of caretakers, Mr. and Mrs. Morgan, Wednesday last week. The Kehlets motored up from their Palm Springs winter home to Tahoe on Tuesday, arriving at Tahoe City late Tuesday evening. They spent the night at Tahoe Inn and drove on to Meeks Bay the next morning. They got well on the way down south again just before the recent spring blizzard broke over Tahoe.

Tahoe friends who recently visited at the Sacramento home of Mr. and Mrs. Matt Green, former old-time Tahoe residents, discovered that only a few days earlier Matt had celebrated his 80th birthday. More than 50 of those 80 years were spent at Tahoe, because the Greens have lived in Sacramento only about five years and Matt came to the lake region as a very young man. Green is at present drawing plans for a new ranch-type home, which he will have built in the outskirts of Sacramento. The couple will retire to where everything is peaceful and quiet, and where they will not be too far from Tahoe. They never fail to make a visit to this region in the summer.

SUMMIT SCENE

by FRAN COUILLARD

A bad beginning denotes a good ending — so we're told.

All was confusion this past week end when our good cross country tracks, worked on assiduously by local skiers who helped industriously to prepare a good track for our visitors, was buried by the equinox' hysterical flurries and winds. From the Summit to Rancho Sierra, hotel operators were playing host to about 60 racers, most of them from the states of Washington and Oregon. (In case you don't know, the racers are given their accommodations by the hotel owners.) Most of them arrived last Thursday night in the teeth of the snow and blow. Friday's non-abatement of high winds and no visibility brought a quick decision from members of the Donner Trail Memorial Race committee, "race called off."

The fact that 24 racers would've accumulated mileage of about 19,440 miles to and from the area was less important than the fact that weather conditions might make the race perilous. A couple of years ago the racing day was changed from Sunday to Saturday so that we would have two days to "play with" in case such conditions as existed this past week-end confronted us. We also remember that in 1950 when the Donner Trail Race was "pulled" by committeemen but racers took their own vote and unanimously decided to go ahead. So, with fingers crossed, we postponed the race until Sunday and awakened to a day really fit to be called the first day of spring.

Warm snow conditions made the fifth Donner Trail marathon one of the toughest. It brought into display sportsmanship unparalleled. Broken skis, broken bindings, correct waxing was unpredictable and the record time of former champion Hans Holaas still stands as the first racer came in an hour behind same.

As usual, the Tri-Pass Club of Oregon carried home a goodly portion of the trophies. Holaas, first three-year winner, carried the Tri-Pass banner. Last year's winner was Jan Onsrud, now University of Washington ski team coach. This year's champion, Olav Brunsvik, is another Tri-Pass man. Brunsvik shoved over the 26-mile finish line at the end of four hours, 17 minutes and 15 seconds, closely followed by Clarence Servold of Canada at 4:18:11. Jack Meissner, also of Tri-Pass, helped make the finish interesting with his time of 4:19:05. Leif Sommerseth of the Sugra Bowl traveled five miles on a broken ski, was fitted with a new cross country ski at Rainbow Tavern, finished with a time of 4:19:30. As Lief was sixth in starting, his phenomenal make up in time may well have placed him first had not he had misfortune. Godi Schuetz of Stockton and Ed Sommerauer, both exceptional runners, pulled out of the race with faulty and broken equipment.

Carol Weist of Tri Pass finished first in the women's division and carried on the tradition of Sharon Gardner (not running this year) of running the full 26 miles after winning in 11 miles, the distance of the women's division course between Summit and Rainbow. Her time was 3:08:48. Our own Prudence Crosby Smith came in second in 3:12:17. The children's division is permitted but three miles of the course — Summit to Soda Springs.

Junior I (14 to 17) was taken by an Oakland lad, Werner Schopfer in 35 minutes, 35 seconds. Junior II (11-13) was won by Kit Schull of Kiski Lodge. Junior III (8 to 10) was won by Strohn Woodard of Ski Ranch.

Other locals who participated and made excellent showings were Elinor Anderson and Pat Lambres (women's division). Freddy Woffard of Steen's Motel came in third in Junior I on his first crack at the Donner Trail Race. Sherman Reams of Sitzski at Cisco, Nancy Williamson of Big Bend, Delia and Smiley Tschopp, John Helgren of Cramptons, Jimmy Schull of Kiski all placed or finished. Yasi Teramoto and Don B. Smith were also locals who participated.

Each year the Donner Trail Memorial Race gets bigger and better. Our goal of making it America's foremost race of its type was strengthened when we received from Sweden clippings of the Vasa which was run on March 1 this year. Seven hundred and forty men started in the race (all together) and 648 finished. The race course is 60 miles and the winning time 5 hours, one minute, 55 seconds. Over 100,000 spectators lined the Vasa course from start to finish. This, in time to come, it what we might expect with continuing persistence and fortitude.

We are sending out letters of sincere appreciation to those who helped make the fifth race the success it was but want to give special thanks to Dr. George Hahn of Truckee who arrived at sun up to examine ovre 60 men, women and children before they took off over the hill on the grueling grind. N. F. (Tom) Dolley followed the racers in his ambulance to pick up any that might falter or faint on the course. Red Jolly, as usual, painted the numbers on the thin material we pin on our racers. Bud Kyle of Grass Valley used his meat truck for the sound equipment that he furnished for the race.

Local people worked day and night for the success of the race, including the committee who arranged and carried through the Donner Trail benefit party in the midst of a storm. Localites braved the winds and slick, snow covered highway to head for Donner Ski Ranch on party night. As usual, all places closed their cocktail lounges at 9 p.m. so that all proceeds that might come in on party night—on the full 26-mile stretch—were diverted to the DTMR. Over $600 was cleared from the party, which fund goes for the perpetuation of the race.

Plans for next year's DTMR go on with a committee being picked shortly to handle the various subcommittees that are necessary to keep the DTMR alive and progressive.

Was quite astounded when I stuck my head out the window to hear "live" music coming from the amplifiers on the Soda Springs ski hill. Investigation brought out the fact that ski tow operator Bob Snyder is the "ukelele baby" who tickles the strings of his uke and sings to the skiers as they zoom the Soda Springs hill.

Donner Summit Lodge found time this past weekend to entertain the Emporium group from San Francisco again. It's becoming a habit with the Emporiumites. Next weekend finds the cocktail lounge and dining room engaged by the Yuba-Sutter Ski Club in an annual cocktail party and banquet.

The Jansen home at the foot of the Soda Springs ski hill was the scene of a cocktail party given to the Oakland Ski Club members this past weekend.

Noted Bob Chaplin of the Soda Springs Chaplins up for the DTMR. Can't report on Soda Springs Hotel this past weekend for President Brant Chaplin of the chamber of commerce worked untiringly on the race and we had no time to discuss "business." Soda Springs Hotel would have been the setting for the trophy presentation banquet had we not found it expedient to change the racing date. As it was, racers were presented their trophies at the end of the course so they could get on their way.

Eleanor Johansen still helps with the paper work that goes in to tying up the race in a neat package. Glen Parsons, Max Williamson, Prue and Don Smith—all these are given credit for helping. To Eric Houlter of Donner Ski Ranch, a special bouquet. Eric donned his cross-country skis one hour before racing time to break trail from Summit to Emigrant Gap. The number "0" was pinned to his white cross-country suit. There are so many more whom we must thank for their untiring efforts but this will have to be done by letter. Mrs. Vanderford, Barbara Zorich, Doris Chaplin, Jack and Pat Woodard—and on and on.

Word from Sun Valley, Idaho, tells us that our own Dick Buek zipped over the "treacherous Mt. Baldy downhill course" Sunday to place second in the 13th annual Harriman Cup races. Christian Pravda of Austria negotiated the course in 2:21.6 while the Donner Summit lad crossed the finish in 2:22.4. Andrea Mead Lawrence of Vermont captured the women's race over a shorter course in 2:09.6. At least three racers in the Harriman were hospitalized with broken bones before they finished the course. Heavy clouds and a light snow added to the natural hazards of the two-mile run for men.

More Power to You

A powerful handshake is fine — up to a point, but no one enjoys a "bone-crusher."

When it comes to power you can use lots of it when it is working for you. That is the thing that electric power does for you and electricity does it faster, safer and more economically. There is no limit to the amount of power available to you. So we say:

"Take it easy with more power to you!"

TRUCKEE PUBLIC UTILITY DISTRICT
A Tax-Saving Public Service Enterprise

NORTH TAHOE

by THELMA BURROUGHS

Thursday morning, March 26, at 10 o'clock in Judge Harry Charrison's Tahoe Judicial District Court at Tahoe City a hearing was scheduled to be heard involving 15 persons on property tax evasion complaints signed by the assessor of Placer County.

The "Skis for School" card party held by the Lake Tahoe Lions Club at the Kings Beach School last Tuesday night could be considered nothing short of a phenominal success. The ski fund was increased by nearly $100 from this most recent wholly enjoyable party. Fifteen prizes were awarded to winners of various games. Donors of these awards were Rose Bros. Market of Truckee, Bob Hobbs of Tahoe Vista Garage, Kings Beach Stop and Shop, North Shore Hardware, Village Liquor Store, Loynds' Drug, Tahoe Food Center, Chism Ice Cream, Dixie Reese of Sierra Lodge, Lavery's Laundromat, Tahoe City Variety, Harry Mead of Tahoe Pines, Jay's Drug, Tahoe Sportsman, Crystal Bay Bar and Sandy Beach Hotel.

Mr. and Mrs. Jerry Johnstone have come to the lake to stay. Mrs. Johnstone is better known here as Connie, daughter of Mel and Carmel Throop of Kings Beach. At present Connie and Jerry are making their home with the Throops.

Val-Vada is a very busy place from all autside appearances, with the old dining room fully dismantled and a more spacious one under construction. The project involves the employment of about 20 local persons.

According to reports, Highway 40 was approved at the Senate hearing last Tuesday as the Class A Military Trans-Sierra Highway, while Highway 24 gained secondary status approval.

Mabel Marriot, owner of the Log Cabin at Crystal Bay, has returned for the summer.

Grace and Don Bowman, with Nell and Don Barkhurst, were away on vacation from Friday of last week to Tuesday night of this week.

Mr. and Mrs. Bob Arney have moved from their Kings Beach home into the William Brooks home at Brockway on a long-term lease basis.

Friends of Sara Ernst will be glad to know that she is reported to be recovering satisfactorily after surgery and is convalescing at the home of her daughter in Colusa.

June Mandeville of Incline Beach is reported to be doing nicely following surgery. June will remain at the Tahoe Forest Hospital at Truckee all this week.

Dr. and Mrs. R. J. Lukens, with their three sons, Bobby, Terry and Johnny, were guests of Dr. Luken's cousin, Carrie Mercer of Crystal Bay over last weekend on their return trip to their Grand Junction, Colo., home after a several states tour. Carrie says they've been all over the world without finding anything to compare with Tahoe.

Mr. and Mrs. Tony Gallerani of Crystal Bay are back for the summer.

Gilmore Johnson of Kings Beach has taken over the Blue Lagoon, which is to be converted into rooms.

Joe Ross is enlarging his Alpine Bar, Kings Beach, and doing a lot of renovating.

Tom and Theresa Sutton are really turning their Buckhorn Inn inside out in readying it for an early April opening.

Valerie Mandevlile celebrated her 10th birthdate on Wednesday, March 25, with a quiet little dinner at home. Her mother's cousin, Mrs. Mary Skaggs, is taking care of the Mandeville children while their mother, June, is hospitalized.

Walter Hapgood of Palo Alto and Don Germane of San Diego will be guests of the A. E. Abbotts for Easter vacation.

Easter Sunday services will be held at the Brockway Theater at 11 a.m. There is to be a special program, details of which will be available next week.

The North Tahoe Women's Club held its regular meeting last Thursday night at the Kings Beach School house, deeply regretting the absence of their president, June Mandeville, and wishing her a speedy and complete recovery.

Mr. Critchley of Oakland is back with his son, Bob, and family at Sandy Beach after a week visiting friends at Reno.

The Larry Ludlow twosome are working madly on those additional units in anticipation of an early as well as good summer for their motel business.

The Larry Woods are also building additional units on their water front property at Tahoe Vista.

The Bob Davis family is back to stay and busy getting their Pine Cone fountain ready for opening.

The Dick Belcher team, Tahoe Vista, is making headway on completion of their new cottage for rental between the highway and their own beach view home.

Mr. and Mrs. Mahoney of Mahoney's Motel in Kings Beach are among recent returnees for the summer season.

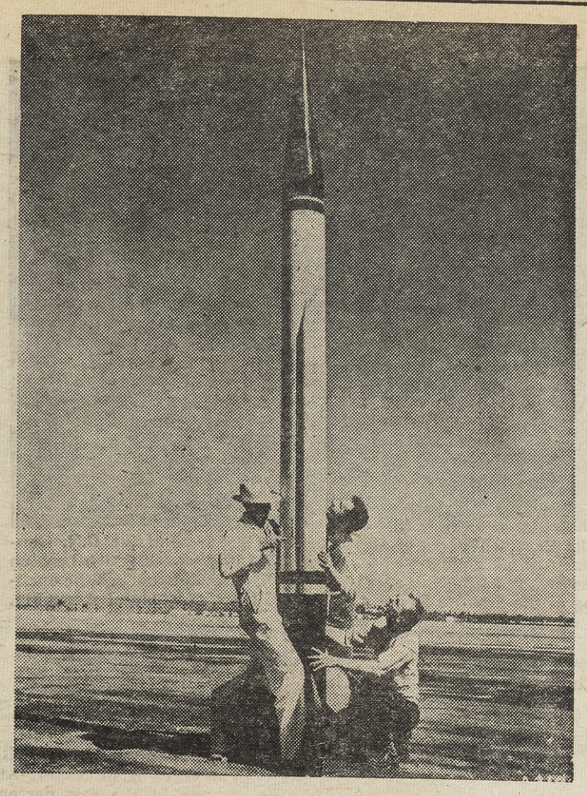
Mr. and Mrs. Fred Barton were up last week for a short visit at Kings Beach.

Ginny Kornazewich reported last Tuedsay night that she was slated for a quick trip to San Francisco and San Jose this weekend where she expects to pick up a very special little dog for a pet.

Jean and Frank Paoli of Applegate are slated for a week of vacationing beginning next Monday at Sorensen's Motel in Tahoe Vista.

Mr. and Mrs. Snowden Burch have returned to Kings Beach recently from Mountain View, where they visited relatives.

Mrs. M. C. Hart has arrived at her Tahoe Vista home from Reno to spend the summer months.



ALL-AMERICAN ROCKET—THE WAC CORPORAL—is smaller than the 14-15 ton German V-2. Developed in 1945, the experimental, liquid-fuel, high altitude rocket weighs 655 pounds with a full fuel load and attains a top speed of approximately 2,800 miles an hour.

GIRL SCOUTS WILL HEAR ARTISTS; AWARDS ARE MADE

Next Monday, at their regular meetings, the Truckee Girl Scouts and Brownie troops will hear an art lecture and demonstration by Rafael Jolly, well know local artist. On the first Monday of each month for April, May and June the troops will hear a local artist talk on art and see them work. Wm. Englehart Jr., Mrs. N. F. Dolley and Mrs. Ed Trask will be there in that order.

The Wyethia Women's Club and the Girl Scouts and Brownies will present the local library with two art scrap books, compiled by members, to add to the art shelf, along with a book on art and a collection of art etchings. Another scrap book is in the making, featuring American art.

At last Monday's art tea, the following were given awards:

Girl Scouts: Art, paints: Rosalie Christensen, Judith Vaughan, Janice Gray; Ceramics: Joanne Allen, Janice Notley, Terra Ann Kaylor. Etchings: Dorothea Frey, Judith Vaughan, Cynthia Reynolds.

Brownies: Art: Donna Barnes, Frances Ann McGwinn, Shirley Guymer. Ceramics: Lynn Bays, Donna Barnes, Helen Kohl.

The Wyethia Club, sponsoring both the Brownies and Girl Scouts, is also sponsoring the art program for the troops.

U. S. WILL PEDDLE TIMBER STANDS AT SIERRAVILLE

Plans to sell 4,750 thousand feet, board measure, of timber from a 450-acre tract five miles south of Sierraville were announced this week at the Nevada City headquarters of Tahoe National Forest

Sealed bids will be opened by Forest Supervisor Guerdon Ellis at 2 p.m. Monday, April 20.

The timber to be sold is composed of 38 per cent pine, 57 per cent red and white fir and 5 per cent cedar.

Full information concerning the timber, conditions of sale and the submission of bids may be obtained from the Forest Supervisor, Tahoe National Forest, Nevada City, or the District Ranger, Sierraville, Calif.

SANDY WASTE

San Francisco's Golden Gate Park, where more than 5,000 different kinds of plants now flourish, was a wind-swept waste of shifting sand hills in 1870 .

DEFENSE CENTER

San Diego is an important naval and airplane center.

My Place In the Sun

by DOUG BARRETT

Billy Campbell following Eddie Anderson down Highway 40.....both mounted on motorcycles, the same having quite a rebirth in popularity among the younger blades hereabouts.....Father Pat O'Neill back in town after refereeing the high school boxing matches yesterday afternoon.....preliminary to the bouts which start at 7:30 this evening in the high school gym.....to which you folks are invited.....Mike Richards putting the "53" tabs on the license plates of his Buick.....I know you have them, but do you have yours on?.....Sarge & Rosita Reynolds back at their local refectory .....(you look it up, I had to).....after a business trip which took 'em to Elko and Placerville during the early part of the week.....Jack Ellis hacking a load of 20-30 lads to their meeting last night.....in his recently acquired Cadillac.....Bill Porter puttering and loafing about his still-closed antique shoppe..... after spending the winter playing his organ in various Reno night spots.....Carl Painter consulting with Dave Rose at the latter's market in Gateway.....over repairs to the market's lock-up system..... following two recent break-ins..... Gasoline and liquor don't mix..... but that doesn't prevent Charlie Osburn, Associated gasoline dealer and president of Truckee Rotary, from gettting along with Johnnie Richards, who deals largely in liquors and who will succeed Charlie as Rotary pilot.....saw them walking down the bully-vard discussing ways and means of keeping the Rotary wheel in Truckee well oiled.....Jim Walker in front of his Toggery.....in pleasant spring time tete-a-tete with his landlady, Mrs. Dan Smith.....Your columnist marked off another birthday last Saturday.....which reminds me that a sure sign of added years is when the little woman tells you to pull in your stomach .....and you already have.....

SMITH IS RE-NAMED TO FAIR BOARD

SACRAMENTO —(CNS)— Reappointment of Leland S. Smith, Nevada City, retired Tahoe National Forest official, as a member of the board of directors of the 17th district agricultural association (Nevada County Fair), for a new term ending January 15, 1956, has been announced by Governor Earl Warren.

The paint industry is the second largest consumer of ground mica.

PIONEER DIARY IS DONATED TO U. C. LIBRARY

BERKELEY— The diary of an 1849 pioneer, who literally walked all the way from St. Louis, Missouri, to the California gold fields have been presented to the Bancroft Library on the Berkeley campus of the University of California.

The diary of Tipton Lindsey was presented to the library by his grandson, Harold T. L. Frasier of Fresno.

Lindsey traveled in a group of young men, all members of the "South Bend-California Joint Stock and Operating Company." He and most of the others in the group walked the entire distance beside the heavily loaded wagons.

The "company" disbanded upon the group's arrival before achieving actual operation. Instead of mining, Lindsey turned to ranching. He moved to Visalia, became a lawyer, and was a civic leader in that town for many years. He was elected mayor and, in 1873, he was elected to the state senate. He also was receiver of the U.S. Land Office in Visalia until 1891.

His 1849 diary gives an impression of the country over which he traveled to California. It supplements and adds to the accounts of several other 1849 diaries in the possession of the Bancroft Library.

Quincy Guests—

Mr. and Mrs. Tom Borneman were hosts during the weekend to Mr. and Mrs. Frank Borneman and Mr. and Mrs. Paul Kehr, all of Quincy.

Birthdates—

William Curran and Douglas Barrett were two local people who celebrated their natal dates on March 21.

First Day of Spring—

Frank A. Titus observed his birthdate March 20, the first day of spring.

Attend Wedding—

Mr. and Mrs. L. A. Baysinger and family spent the weekend at Stockton where Sunday they attended a wedding and reception for the former's niece.

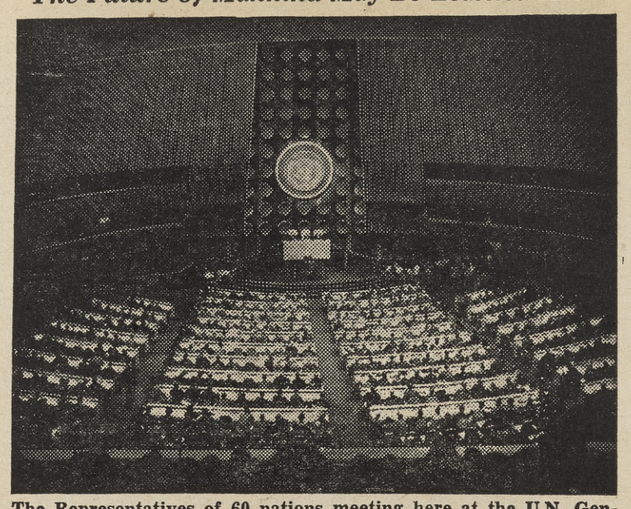
TREE FARM LEADER

Alabama is the leading state in the number of certified tree farms with 408 privately owned woodland properties given over to production of continuing croups of trees.

Family to Folsom—

The R. A. Campbell family has left for Folsom.

The Future of Mankind May Be Learned Here



The Representatives of 60 nations meeting here at the U.N. General Assembly discuss questions of vital importance which bear on the lives of millions all over the world. This picture marked the opening of the Seventh Regular Session of the U.N. General Assembly.

AUBURN WOMAN OLDEST MEMBER OF TRUCKEE O.E.S.

AUBURN— Mrs. Emma Hill Gargan of 1111 High Street, Auburn, is one of the few persons who hold both 50 and 60 year membership certificates in the Order of the Eastern Star.

Mrs. Gargan is the only surviving charter member of Truckee Chapter No. 116, OES, which she joined in 1892.

Although she left Truckee a few years later, she has maintained her membership in the chapter to the present time.

In 1942, Mrs. Gargan was presented with her 50 year pin at the Truckee chapter. Last September her 60-year life membership certificate was forwarded to her by the lodge. She keeps both 50 and 60 year certificates framed in her room at her home here.

A native of Austin, Nevada, Mrs. Gargan came to Truckee with her family when only six months old. After leaving Truckee, she resided for a time in Oakland and Sacramento, and made her home in Penryn for 35 years.

Although a member of Truckee chapter, she was a constant visitor at Penryn chapter, O.E.S., during her residence there.

For the past six years she has been residing in Auburn.

Brothers Visit—

Mr. and Mrs. Thomas Bettencourt of Livermore are visiting here this week with the former's brother, George Bettencourt.

To Michigan—

Mr. and Mrs. Harry Stout are leaving this week for a trip to Michigan to visit relatives.

Morey Guests—

Mr. and Mrs. Daven Morey had as their guests this week Mr. and Mrs. Joseph Holmes and daughters Candice and Barbara of Reno.

Manleys Travel—

Mr. and Mrs. Fred Manley returned to Los Angeles this month following an extended trip to Louisiana, Texas and other southern states. They plan to arrive at Lake Tahoe for the summer about the first of May.

Birthdate—

Cynthia Reynolds, daughter of Mr. and Mrs. B. W. Reynolds, was 10 years old March 5.

HELIUM DISCOVERED

Helium, a non-explosive and non-inflammable gas, was discovered in 1868 in the chromosphere of the sun.

USE OF FORESTS IN STATE SHOWS LARGE INCREASE

Recreation use of the 18 National Forests in California increased 19 per cent in 1952, over the previous year, according to information reported by M. M. Barnum, regional chief of recreation and lands for the forest service. The report summary for 1952 shows 4,730,000 visits involving 12,726,000 man-days use of forest facilities and improvements. An additional 16 million visits to the forests are recorded for sightseers passing through.

The 1952 summer recreation season got off to a slow start because of cold, stormy weather in June. However, July use turned out to be the largest on record for public campgrounds as well as private resorts in the forests.

"The ever increasing popularity of the outdoor recreational opportunities provided by the National Forests calls for a greatly intensified forest service program of sanitation control, fire prevention and safe water supplies," Barnum explained. "Most of the present improvements and facilities for public recreation on the national forests were constructed in the early 1930s and are now giving way from age and excessive use."

The importance of public cooperation in keeping campgrounds clean and facilities in good condition was stressed by the regional recreation chief.
